White Cap

Nineteen Hundred And Seventy One

THE BEGINNING OF THE END

As you open the 1971 White Cap, you are witnessing history in the making. These last two years of Rowan Memorial Hospital School of Nursing is the beginning for a few and an end for so many. This includes all those who have walked down that aisle and received their diplomas as graduates from this school.

Each year that we advance is marked by a stepping stone. These stones seem to increase in value and responsibility as time travels on. The memories would somehow not seem complete if they did not include the happiness, joys, sorrows and tears that we have shared with each other.

One yearbook can never begin to demonstrate all our achievements, disappointments and hardships. We just hope when you have finished your journey through the 1971 White Cap the image that we have tried to create will provide some with memories and others with hope and ideas.

DEDICATION

Those who bring to the lives of others cannot keep it from themselves.

Miss Suggs

The 1971 White Cap proudly dedicates its last edition to those, during our three years, who have willingly and enthusiastically followed us through all our trials and triumphs that we chose to endeavor. They also provided us with the opportunity of gaining the knowledge that is needed to fulfill our goals of ambition. This is our way of paying tribute and expressing our sincere appreciation to the Faculty of Rowan Memorial Hospital School of Nursing.

MISS WHITE CAP

The Board of Trustees of Rowan Memorial Hospital Present Miss White Cap 1971

It is with pride we salute you: Miss Louise Skeen, Miss White Cap 1971

Louise possesses patience, faith, genuine concern for others.
Her traits can be summarized thus:
Insatiable curiosity, Intelligence, Ambition and Persistence.

Whatever the call from her classmates Louise answered. Her words, responses and decisions were chosen with only one criterion -- would they represent the students of Rowan Memorial Hospital School of Nursing.

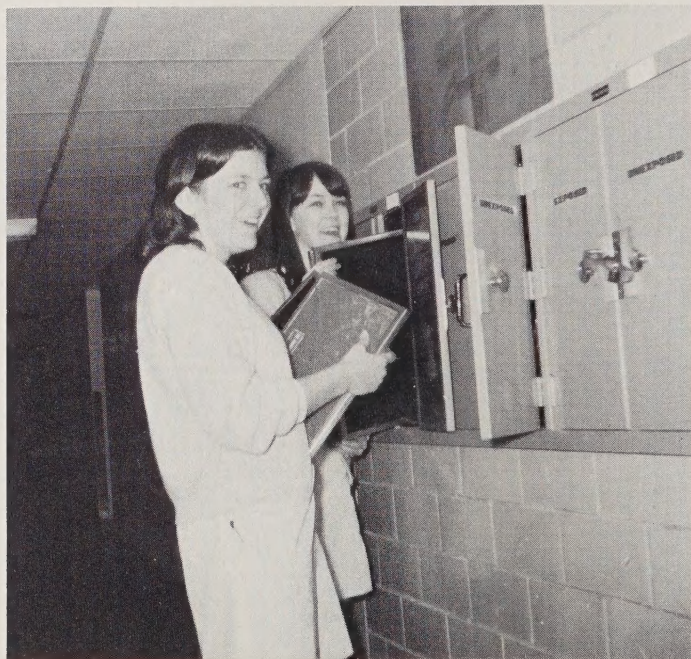

Though this honor is directed to one individual, the entire student body shares in this honor of presenting Miss White Cap 1971.

It is not what he has, nor even what he does, which directly expresses the worth of a man, but what he is.

The journey of a thousand miles begins

with one step.

*friend is the one who comes in
when the whole world has gone out.*

*When love and skill
work together, expect
a masterpiece.*

The best cosmetic in the world is

an active mind that is always finding something new.

Real joy comes not from ease or riches or from the praises of men, but from doing something worthwhile.

Class History

On September 11, 1968, twenty excited but nervous girls left the warmth of our homes and loved ones behind to begin three, long years at RMH toward the achievement of their goal -- to become a registered nurse.

The first month no one knew what we had to endure, but we soon found out. 2:00 awakenings, greased doorknobs, short sheets, and rough times as our welcoming from the upper classmen.

For the first few months we went around with only two thoughts -- weekends and HOME! But as time passed we began to get less homesick but more tired. Excitement was wearing a uniform for the first time, that first injection, going to surgery, class-rings, delivering a baby, nursing children, psychiatry affiliation, and even more the fact that graduation is closer each day.

Many have departed along our three year journey, friends and classmates we shall never forget.

As time draws near each has begun to think of future plans. While looking toward the future we can't help but look back and remember the past, the good and bad. We'll always remember the many friends we've made and the good times as well as the hardships. We look back and remember weekly tests, final exams, bib cards, un-legible writing, "nice" doctors, guiding instructors, parties, holidays, sorrows and tears. So as we look ahead we have many regrets but many accomplishments.

To RMH we bid a fond farewell and one big "Thank You"!

Kathy Buie
Historian

Last Will And Testament

I, Elaine Branch, leave to my little sister, Donna Lambeth, my ability to get into my room in spite of the mess.

We, Kathy Buie and Debbie Shelton, will to Mrs. Hinson, a six-pack of black flairs; to Mrs. Ball, the ability to relate; to Mrs. Addis a year's supply of vitamin C tablets; to Mrs. Bullock, a book of health teachings; and to the Junior class, a "God Bless You, You'll Need It."

I, Sharon Hoffman, give to anyone that wants it, the ability to have so many projects started at one time.

I, Shirley Howard, being somewhat addle brained due to three long years at RMH, will to my little sister, Betty Sue Long, my ability to ask what, when, where, who and why and any other stupid questions.

I, Brenda Jarrell, being of unsound mind due to the fact that I never go home, will my determination to stay at school so I can work on weekends to anyone who needs the money as badly as I do.

I, Phyllis Johnston, will all my jinx powers to anyone who wants them.

I, Nancy Johnstone, leave RMH school of nursing to put to use the knowledge I have gained and to encourage my little sister, Susan Albright, to take in all that is offered in learning and use it wisely.

I, Brenda Leonard, leave my ability to pass psychiatry without studying and all my good times at Broughton to Jane Hall, to the junior class I leave lots of luck and best wishes for a successful year.

I, Judy Matthews, leave my love for freedom and being different, C Scorpions, motor-cycles, beards, long hair, fringe boots, to all those who want to be themselves and have the ability to get away with it.

I, Faye Peoples, will to my little sister, Debbie Correll, the ability to stay up until 12:00 the night before a test and get up at 4:30 and not fall asleep in the middle of it.

I, Louise Skeen, will to my little sister, Jane Kirkman, the ability to come home every weekend while at Morganton and still stay in school.

I, Diane Winebarger, leave all my fun weekends at ECU to anyone who has a boyfriend there, and all my bib cards to my little sister, Joan Weathers, in hopes she will get more benefit from them than I did.
